

VINYL AND LEATHER DRESSING

Bishop's Original™ Vinyl and Leather Dressing is a unique formulation designed to restore the luster and softness to vinyl and leather surfaces. It imparts water resistance, protects against cracking and extends the life of materials. This product does not leave an oily residue. A special fragrance gives the interior a clean, fresh scent.

Bishop's Original™ Vinyl and Leather Dressing when applied to tires leaves them black and water repellent. It can be applied over clean white walls for increased soil resistance.

Vinyl and Leather Dressing is also recommended for vinyl furniture, rubber, wood, luggage, shoes, golf bags and all types of vinyl and leather surfaces.

DIRECTIONS:

1. Shake well before using.
2. Apply with a clean soft cloth.
3. Buff lightly for added gloss.

Vinyl and Leather Treatment 8 oz:

Product Code No: 4605
