

CERTIFIED TESTIMONIAL

Type of user Auto Dealership File Reference No. 11042
Type of application ONAN 4.0 BFA Date of testimonial October 3, 1979
Jonco product used Engine Treatment Locale Albuquerque, N.M.

Dear Mr. Kendricks:

At this time I have used your products in a large number of my customers' motorhomes and have had a like number of very pleased people. Engines run smoother and have more pep.

One note, when used in power plants you get much better performance, cooler operation, and less oil consumption. One unit that I watched very closely was an ONAN 4.0 BFA, at 270 hours; I de-carbed it and changed oil, and added 1 qt. of treatment. At the time the oil looked like tar when I changed it. After another 140 hours., I checked it and the oil still had good oil color and had not used any oil in the 140 hours... Needless to say I am very much sold, and so are all my customers too!
