

# CERTIFIED TESTIMONIAL

Type of user Mercedes Repair Shop File Reference No. 13016  
Type of application Mercedes Benz Date of testimonial April 18, 1983  
Jonco product used Engine Treatment Locale Cupertino, CA

Dear Syd;

Since you introduced me to The Matrix System over two years ago, I have been really satisfied with the results. As you know I am a Mercedes - Benz Specialist and have been very wary about putting in engine additives in these expensive cars. Since using Matrix Metalloid Fusion treatment, I have been able to restore six camshafts to almost normal operation in Diesel engines in older Mercedes. When I say restore, I simply mean that these camshafts were badly scored and noisy. The Matrix treatment proved beyond a shadow of a doubt that the cams were impregnated with the Metalloid Fusion Lubricant. I know I saved my customers a large sum of money, by not having to replace those expensive camshafts. Please feel FREE to use this letter to convince other Mechanics and Dealer Specialists that THE MATRIX SYSTEM really gets results! In closing, if any Mechanics are skeptical about using your product, please ask them to call me during business hours at my shop in Cupertino. (408) 257-6420. I can tell them without reservation, that The Matrix System really works!

Sincerely,

Bud Washer  
Cupertino Mercedes Service
