

CERTIFIED TESTIMONIAL

Type of user Small Corporation File Reference No. 11034
Type of application Water Pump Date of testimonial February 8, 1979
Jonco product used MFG Multi-Purpose Locale Grand Forks, North Dakota

In regard to our previous discussion of lubrication problem with packing and stuffing boxes of our pumps, we have tested your All Purpose Grease for the last 30 days and have found it has the ability to adhere to plunger shafts that other greases would not do.

The grease was used with a water temperature of 40 degrees and pump pressures up to 10,000 P.S.I. Our packing life was extended 300% over the other greases tries.

Thank you very much for bringing this product to our attention.
